Facilities Report

Cory Lyon stated the trommel screen and 279 track skid steer will be ordered as soon as the grant paperwork is submitted to DEP. Site is very active, grinding daily. There is still 1,000 yards to process and it would be helpful if each township could spare an employee to help run the front loader. Fall and leaf collection was much less this year due to the weather.

Mike stated that we have an abundance of products, and each township should consider using it for their parks.

Cory Lyon mentioned the purchase of a log splitter which would cut wood into smaller pieces and would be less work on the grinder teeth. He is waiting on a quote from CAT through costar pricing.

Cory Lyon mentioned that we should increase the permit fee to \$150.00. After a board discussion Annette Atkinson made a motion. Brian Barrett second the motion. Motion passed.

Mike Dwyer stated that there needs to be a Spring, Summer and Fall rotation on Saturdays

Treasurers Repot

Mike Dwyer we have an income of \$25,000 a month for products being picked up from the facility.

Mike Dwyer stated that there were no bills, and the net/net for the year end was \$45,000.
